### **EXPERIENCE**

- 2000 to present      Essayist and columnist; consultant.
- 1992 to 1999      University of California at San Francisco/  
Center for AIDS Prevention Studies (CAPS)  
Research Scientist
- Senior editor (for social issues) of the UCSF AIDS web site, "HIV InSite"  
{<http://hivinsite.ucsf.edu>}.
- 1992 to 1996      Henry J. Kaiser, Jr. Family Foundation  
Consultant
- Consultant on HIV policy, with a specific focus on AIDS prevention.
- 1989 to 1992      National Commission on AIDS  
Policy Analyst  
(Interim Executive Director, 10-12/1991)
- Responsible for drafting Commission reports, conducting research and organizing hearings.
- 1986 to 1992      National Academy of Sciences/Institute of Medicine  
Study Director/ Consultant
- Directed study culminating in publication of *The Social Impact of AIDS in the United States* (1993). Worked with an interdisciplinary committee charged with

devising a national strategy for responding to the AIDS crisis. Drafted sections of the NAS/IOM report, *Confronting AIDS* (1986 and 1988 editions).

1987  
to  
1990

Resource for Public Health Policy  
School of Public Health, University of Michigan  
Research Associate

Managed and edited proceedings of an interdisciplinary faculty seminar designed to examine drug abuse prevention strategies across a range of substances, including tobacco, alcohol, and narcotics. Developed project proposals related to social and legal aspects of the AIDS epidemic.

1986  
to  
1987

National Leadership Commission on Health Care  
Research Analyst

Provided research support to a private sector health care commission examining problems of health care costs, quality and access. Contributed particular expertise in the area of societal, physician, and patient responsibility for health care.

1983  
to  
1985

Office of Technology Assessment  
U.S. Congress  
Research Analyst

Contributed to reports on issues in health policy, including the use of animals in medical research, the adequacy of the federal response to AIDS and the safety of the nation's blood supply.

1983

American Psychological Association  
Committee Liaison Staff

Worked with two standing committees of academic psychologists responsible for shaping APA policy on the use of human and animal subjects in medical research. Tracked legislation and studied the impact of the animal rights movement.

1980  
to  
1983

President's Commission for the Study of Ethical  
Problems in Medicine and Biomedical and Behavioral  
Research  
Research Assistant

Participated in drafting, editing and preparing for publications a series of reports related to the ethical and public policy dimensions defining death, decisions to forgo life-sustaining treatment, genetic screening, and informed consent.

- 1980            Census Bureau  
                  United States Department of Commerce  
                  Office Operations Supervisor
- Supervised 150 employees in a northern New Jersey field office.
- 1979            Jim Bildner/ N.J. State Assembly Candidate  
                  Deputy Campaign Manager/ Press Secretary
- 1978            Bill Bradley/ U.S. Senate Candidate
- Campaign aide; driver and personal assistant to candidate.
